Parties, banquets, cultural and business events, celebrations, weddings, social functions, event marketing, trade shows...

Make your event even more unique

Entertain your guests with the Art of Money. You'll involve them on a personal level, and create wonderful memories just for them.

A special experience they will remember for many years to come...

We all have emotional touchstones, things we are passionately interested in, that deeply affect us.

Who are you...

A dog person? A cat person? Interested in mythological creatures like dragons or unicorns, a collector of teddy bears? Maybe you admire whales or elephants, or birds. Dinosaurs may fascinate you, or penguins, or figurines of swans...

Now imagine your event where you can create these memories for your attendees.

Create delightful memories

This is what Dollar Art is about. Having this unique type of entertainment at your event. Something that no one has ever seen before, that taps into their emotional core.

Your guests watch the Dollar Artist transform money into animals, birds, fish, reptiles, dinosaurs, name initials, hearts, movie/cartoon characters, and more.

Everybody loves money!

There are display boards with a hundred money sculptures. Like a magnet, people will come over and look at them, gravitating to the one that taps into their interests and passions. Or they may know of a member of their family whose interests are displayed.

Within a couple minutes – before their very eyes – it's created and given to them.

When they receive this astonishing personal work of money art, they will thank YOU for making your gathering even more special. They will keep the sculpture, and display it in their home as a wonderful reminder of your event.

Client reviews

“ We were looking for something new and different for our Grand Opening Celebration. I thought, wow, this is perfect! Money Artist and a Bank for our Grand Opening, what could be better.

The line of people, both young and old, was constant throughout the event. The customers loved the artwork and the fact that it was free. We will definitely be using your services for future Atlantic Stewardship Bank events.”
